## This Month's Happenings:

We have been busy researching for our State Travel Brochure. Students have been excited to find new information about the state they drew. We have been spending 30-40 minutes in the morning and an additional 30-45 in the afternoon. Ask your student how far they've gotten. Paragraphs should be written this week, I will edit with your student, then sign off for them to begin typing. The final project is due Feb 25<sup>th</sup> and will be printed in school, in Research Center lab time. Students may bring in items from their region to present. The class participated a unique writing opportunity last week called "The Best Part of Me". They are hanging on display in the hallway if you're in the building, check them out. If you have not returned the conference note (due 2/3) or the Symphony Permission Slip (due 2.14) please do so. Volume 1 Math books came home last week, save them to continue practicing or for summer math review.
